# ABOUT US

## LNCTMUN

LNCT MUN in its **First edition** intends to simulate a culture of research oriented environment where students deliberate upon some of the most pressing International issues.

We Invite diverse participation of students from School students, Undergraduates, Engineering ştudents research scholars and beyond allowing for an **assortment of thoughts and ideas**.

## MUN

**Model united nations** is an educational simulation of the United nations. Different committees of the united nations are simulated where participants **represent different member countries** on international issues. Participants learn the art of formal debate, lobbying, diplomacy, writing formal documentation and most importantly - **problem solving**.
