ABOUT LNCT
LNCT Group of colleges is one of the oldest educational groups in central India. Founded in 1984 under the banner of L. K. Sahasrabudhe Education Trust. Since then, with the commitment of “Working Towards Being the Best”, LNCT Group has achieved many milestones. The institute is successfully meeting the objective of producing skilled manpower of the highest quality who is able to cope up with the challenges of ever evolving industrial needs of the country. The Alumni of LNCT Group are working all across the globe in big Multi-National Companies. Today LNCT Group is one of the largest and most preferred Educational Groups for Engineering, Management, Pharmacy, Medical with ISO 9001 certification, with many accolades, AICTE, Association for the Engineering Course, India today ranked no. 01 in 4th and 7th in India out of 300, again just ranked no. 01 in 4th and 7th in India out of 300 engineering colleges of India in 2020. C.V. Ramana Trophy for Best Corporation by SBI/AN-2020. Best Group of Institutions in central India 2019 by IEC. Outstanding Private Institute in Central India 2019 by IEC.

ABOUT THE DEPARTMENT
The Department of Telecommunication Engineering was established in 1994, with an intake of 60. The department has undergone numerous developments under the guidance of Professor and the department is now known as Department of Electronics and Communication Engineering and has a present intake of 90. It also offers a Postgraduate degree program in Very Large Scale Integration (VLSI) Design with intake of 30. The department has qualified and experienced faculty in all core areas with various specializations. The department was accredited in 2007, 2017 and in 2020 by the National Board of Accreditation. Based on the department has always been recognized for excellence in teaching and outstanding performance of students at global level and for the remarkable placement record in various international & national companies. All over the world, the alumni of the department occupy top positions in notable public sectors and IT industries. The department has a good number of publications in the SCI, SCOPUS & Web of Science Journals. Department has also been granted AICTE MOODS Project in 2018.

Organized an online one week Faculty Development Programme on Recent Trends in Artificial Intelligence in association with ATAL

Department of Electronics & Communication Lakshmi Narain College of Technology Bhopal has organized an online one week Faculty Development Programme on Recent Trends in Artificial Intelligence in association with AICTE Training and Learning from 29th Nov to 03rd December 2021 in which 192 participants from different parts of the country participated. Experts from IITs, NITs and industry persons delivered the lecture on the importance and applications of Artificial Intelligence. Dr. Shravan Sable Associate Professor, of EC department was the coordinator of this FDP. Dr Monika Kapoor Dr LN Gahalod and Dr Tarun Varma was co-coordinator for the programme.

ABOUT LNCT

LNCT Group of colleges is one of the oldest educational group in central India. Founded in 1994 under the banner of H. K. Kalchuri Education Trust. Since then, with the commitment of "Working Towards Being the Best", LNCT Group has achieved many milestones. The institute is successfully meeting the objective of producing skilled manpower of the highest quality who is able to cope up with the challenges of ever evolving industrial needs of the country. The Alumni of LNCT Group are working all across the Globe in Big Multi-National Companies. Today, LNCT Group is one of the Largest and most preferred Educational Group for Engineering, Management, Pharmacy, Medical with ISO-9001 certification, NITIN-2021 All over India rank 184, NBA accreditation for O4 Engineering courses, India Today, Jagran Josh, The WEEK, Silicon India and Careers360 ranked no. 01 private institute in MP in 2021; C.V. Raman Trophy for Best Companion- I by SRJIAN-2020; Best Engineering college in central India awarded by ICI in 2021, Outstanding Private Institute in Central India 2019 by CEGR, Best Professional Education in Central India awarded by Praxis Media in National Education Excellence Awards-2021.

ABOUT THE DEPARTMENT

The Department of Electronics and Telecommunication Engineering was established in 1994, with an intake of 60. The department has undergone numerous developments under the guidance of Professor and the department is now known as Department of Electronics and Communication Engineering and has a present intake of 180. It also offers Postgraduate degree program in Very Large Scale Integration (VLSI) Design with intake of 30. The department has qualified and experienced faculty in all cadre ratios with various specializations. The department was accredited in 2007, 2017 and in 2020 by National Board of Accreditation. Since its inception the department has always been recognized for excellence in teaching and outstanding performance of students at global level and for the remarkable placement record in various international & national companies. About The Course

This FDP focuses on recent trends in Artificial Intelligence. It will be including speakers & experts from various prestigious institutes & industries. This will be an initiative from a regional level to international level so that every person associated with it can express his/her views & learn about recent trends & technologies in Artificial Intelligence.

Contents of FDP

- Opportunities in Artificial Intelligence
- Natural Language Processing
- Deep Learning
- Reinforcement of Learning
- Deep Neural Network
- Artificial neural networks
- Artificial Intelligence and pattern Matching
- Advances in Intelligent System and Computing

Outcomes:

Artificial Intelligence used in industries like

- Healthcare
- Govt. Dept. (Cyber security, cyber intelligence, logistics etc)
- Marketing and sales
- E-commerce and social media
- Transportation
- Oil and Gas
- Manufacturing etc

The participant will effectively learn after this course to enhance overall equivalent effectiveness, performance of the individual department.

RESOURCE PERSONS

The sessions will be handled by experts from academia, research organizations and industries in the subject area.

ELIGIBILITY

Faculty members from AICTE approved institutions, Research Scholars, Industry personnel, PG students.

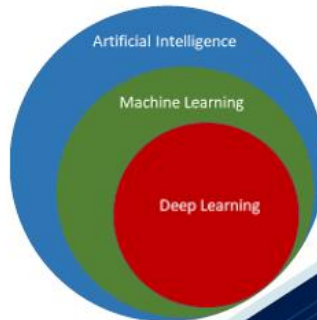

Link for Registration:

<https://atalacademy.aicte-india.org/signup>

Targeted Participants

The program is open to the faculty of engineering colleges in India. Industry personnel working in the concerned/allied discipline can also attend.
